PROFESSIONAL SUMMARY

Frontend engineer with 5 years of hands-on experience building user-facing applications for startups and established tech companies. I've spent the last few years focusing on React and Vue development, with a particular interest in performance optimization and accessible design. I enjoy working with designers to translate mockups into pixel-perfect interfaces, and I'm comfortable jumping between multiple projects and learning new tools as needed.

TECHNICAL SKILLS

JavaScript, TypeScript, React, Vue.js, HTML5, CSS3, SASS, Webpack, Vite, Git, REST APIs, GraphQL, Jest, React Testing Library, Figma, Responsive Design, Accessibility (WCAG), npm, yarn, Chrome DevTools, MySQL, PostgreSQL, Redux, Vuex, Tailwind CSS, Material-UI

WORK EXPERIENCE

Frontend Engineer

Velocity Labs

velocity-labs.io

London, United Kingdom

March 2023 - Present

Developed and maintained 5+ client-facing web applications using React and TypeScript, serving over 50,000 monthly active users. Implemented performance optimizations that reduced initial page load times by 40% through code splitting and lazy loading techniques. Collaborated with UX designers and backend engineers to deliver features within 2-week sprints, maintaining a 95% on-time delivery rate. Led the migration of legacy jQuery code to modern React components across 3 projects, improving code maintainability and reducing technical debt.

Mid-Level Frontend Developer

Pinnacle Digital Solutions

pinnacle-digital.co

Oxford, United Kingdom

June 2021 - February 2023

Built responsive web interfaces using Vue.js and JavaScript for an e-commerce platform handling £2M in annual transactions. Implemented comprehensive unit and integration tests using Jest and Vue Test Utils, achieving 82% code coverage across the application. Mentored 2 junior developers by conducting code reviews, pair programming sessions, and knowledge-sharing workshops on React best practices. Designed and documented a reusable component library containing 25+ UI components, reducing development time for new features by 30%.

Junior Frontend Developer

Nexus Creative Agency

nexus-creative.net

Reading, United Kingdom

September 2019 - May 2021

Developed responsive websites and landing pages using HTML5, CSS3, and vanilla JavaScript for 15+ clients in retail, healthcare, and finance sectors. Troubleshot cross-browser compatibility issues and optimized website performance, improving Lighthouse scores from an average of 55 to 85+. Participated in daily standups and weekly retrospectives, contributing to a collaborative team environment of 6 developers. Assisted with accessibility audits and implemented WCAG 2.1 AA compliance improvements across 8 existing projects.

EDUCATION

Bachelor of Science in Computer Science

University of Oxford

Oxford, United Kingdom

2015 - 2019

CERTIFICATIONS

Google Analytics Certification, 2021

Web Accessibility Fundamentals, 2022
