PROFESSIONAL SUMMARY

I'm a junior software engineer with one year of professional experience building web applications and APIs. I enjoy solving problems with clean code and learning from more experienced developers. I've worked with Python and JavaScript across several small projects, and I'm keen to develop my skills in backend systems and cloud technologies. Based in Leeds, I'm looking for opportunities to grow within a supportive team environment.

WORK EXPERIENCE

Software Engineer

TechVenture Solutions

techventure.io

Leeds, United Kingdom

June 2023 - Present

Developed and maintained Python Flask APIs for internal customer management systems serving over 50 clients

Collaborated with two senior developers to refactor legacy code, reducing database query time by 30 percent

Participated in daily stand-ups and sprint planning meetings to deliver features across two-week cycles

Debugged production issues and implemented fixes within agreed SLAs, maintaining 99.5 percent uptime

Junior Web Developer

Apex Digital Agency

apexdigital.co

Leeds, United Kingdom

February 2023 - May 2023

Built responsive HTML, CSS and JavaScript interfaces for five client websites using modern frameworks

Assisted senior developers with integrating third-party APIs including payment gateways and analytics tools

Conducted cross-browser testing and fixed compatibility issues to ensure consistent user experience

Documented code and created simple technical guides to help junior team members understand new features

Support Developer

DataFlow Systems

dataflow.net

Leeds, United Kingdom

September 2022 - January 2023

Provided technical support to customers experiencing issues with our data processing software

Wrote bug reports and worked with the development team to identify root causes and implement patches

Performed basic SQL queries to investigate customer data issues and validate system functionality

Learned the full codebase structure and built knowledge of our C-sharp and JavaScript technology stack

EDUCATION

Bachelor of Science in Computer Science

University of Leeds

Graduated: June 2022

Grade: 2:1
