PROFESSIONAL SUMMARY

Results-driven Data Scientist with 8 years of progressive experience in building machine learning solutions and driving data-informed decision making across enterprise organizations. Expertise in statistical analysis, predictive modeling, and translating complex data insights into actionable business strategies. Known for mentoring junior analysts and leading cross-functional teams to deliver high-impact analytics projects that drive measurable business outcomes.

WORK EXPERIENCE

Graduate Data Analyst

DataFlow Solutions Ltd

Liverpool, United Kingdom

dataflowsolutions.io

January 2016 - March 2017

Led the analytics department of 50+ professionals delivering enterprise-wide reporting solutions

Directed strategic initiatives for customer segmentation resulting in 35% improvement in targeting accuracy

Managed budget allocation and resource planning for 12 concurrent data warehousing projects

Implemented automated reporting dashboards serving 200+ stakeholders across 5 business units

Senior Machine Learning Engineer

Quantum Analytics Group

Manchester, United Kingdom

quantumanalytics.net

April 2017 - August 2018

Developed end-to-end deep learning models for time series forecasting with 94% accuracy rate

Architected data pipeline infrastructure processing 2 terabytes of daily transaction data

Established machine learning standards and best practices adopted company-wide

Reduced model training time by 60% through optimization of neural network architectures

Principal Data Scientist

Insight Intelligence Ltd

www.insightintelligence.co.uk

Liverpool, United Kingdom

September 2018 - Present

Leading AI transformation initiatives and governing data science strategy across enterprise

Designed and deployed 25+ production machine learning models generating £4.2M annual revenue impact

Mentoring team of 8 data scientists and conducting recruitment for analytics department expansion

Publishing research on ensemble methods in leading industry journals and presenting at international conferences

EDUCATION

University of Manchester

MSc Data Science

Graduated June 2016

University of Manchester

BSc Mathematics with Statistics

Graduated June 2015

TECHNICAL SKILLS

Machine Learning: TensorFlow, PyTorch, Scikit-learn, XGBoost, LightGBM, Random Forest, Neural Networks, Deep Learning, Computer Vision, Natural Language Processing

Programming Languages: Python, R, SQL, Java, Scala, Spark

Data Engineering: Apache Spark, Hadoop, Apache Airflow, AWS Glue, ETL Pipeline Development, Data Warehousing

Cloud Platforms: Amazon Web Services, Microsoft Azure, Google Cloud Platform

Statistical Analysis: Regression Analysis, Hypothesis Testing, A/B Testing, Bayesian Statistics, Experimental Design

Data Visualization: Tableau, Power BI, Matplotlib, Seaborn, Plotly

Databases: PostgreSQL, MySQL, MongoDB, Redis, Cassandra

Big Data Technologies: Hadoop, Hive, Kafka, Elasticsearch

Tools and Frameworks: Jupyter Notebook, Git, Docker, Kubernetes, Jenkins, Databricks

Domain Expertise: Finance, Retail, E-commerce, Healthcare Analytics
