PROFESSIONAL SUMMARY

Results-driven Data Analyst with 3 years of experience in business intelligence and data analytics across diverse industries. Skilled in transforming raw data into actionable insights that drive strategic business decisions. Proven track record of optimizing reporting processes and implementing data visualization solutions. Seeking challenging opportunities to leverage analytical expertise and contribute to data-driven organizational growth.

WORK EXPERIENCE

Senior Data Strategy Director

DataFlow Solutions

www.dataflowsolutions.io

Barcelona, Spain

January 2022 - Present

Directed comprehensive data strategy and analytics operations for a department of 52 professionals across Europe and Americas regions.

Led the implementation of enterprise-wide data governance framework affecting over 200+ stakeholders and 15 business units.

Managed annual analytics budget of 2.4 million euros and oversaw all infrastructure and tool acquisition decisions.

Established C-level reporting cadence and presented quarterly business performance metrics to executive leadership board.

Data Analytics Specialist

TechInsights Barcelona

www.techinsights.co

Barcelona, Spain

October 2020 - March 2022

Developed 25+ interactive dashboards using Tableau and Power BI for cross-functional stakeholders and senior management.

Conducted ad-hoc data analysis on customer behavior patterns resulting in 18 percent improvement in retention metrics.

Collaborated with engineering and product teams to define KPIs and establish data collection standards across platforms.

Created automated ETL processes using Python and SQL that reduced monthly reporting time from 40 hours to 6 hours.

Junior Data Analyst

Analytics Pro Ventures

www.analyticsproventures.net

Barcelona, Spain

June 2019 - January 2021

Performed descriptive statistical analysis on marketing datasets to identify trends and support campaign optimization efforts.

Built Excel dashboards and pivot tables for department leadership to track sales performance and regional metrics.

Assisted senior analysts in data cleaning and validation procedures for multiple internal projects and databases.

Generated weekly reports on key performance indicators for the marketing and operations departments.
