PROFESSIONAL SUMMARY

Results-driven and highly motivated Frontend Engineer with proven track record in delivering cutting-edge web solutions. Passionate about leveraging innovative technologies to spearhead cross-functional collaboration and drive actionable insights. Champion of best practices committed to synergistically enhancing mission-critical applications through data-driven decision making. Dedicated to organisational objectives and enabling stakeholders through dynamic, scalable frontend implementations.

WORK EXPERIENCE

Junior Frontend Engineer

Nexus Digital Solutions

nexusdigital.io

Liverpool, United Kingdom

March 2023 - Present

Built responsive web interfaces using React and TypeScript, delivering pixel-perfect designs across multiple devices and browsers

Collaborated with UX/UI designers to implement design mockups and improve overall user experience through iterative feedback

Implemented state management solutions using Redux to manage complex application data flows

Contributed to codebase improvements by writing unit tests with Jest and maintaining code coverage above 85%

Frontend Developer

TechVision Consulting (Previously known as Digital Catalyst Ltd)

www.techvision.co.uk

Manchester, United Kingdom

July 2022 - February 2023

Developed and maintained customer-facing web applications using Vue.js and JavaScript

Worked with backend teams to integrate RESTful APIs and handle asynchronous data operations

Optimised website performance by reducing bundle size through code splitting and lazy loading techniques

Participated in daily standups and sprint planning ceremonies to ensure alignment with product roadmap

Web Developer Intern

WebForce Agency

webforce.net

Liverpool, United Kingdom

June 2021 - June 2022

Created responsive landing pages and marketing websites using HTML5, CSS3 and vanilla JavaScript

Fixed bugs and implemented feature requests reported by QA team and clients

Assisted senior developers in code reviews and learned best practices for clean, maintainable code

Built and deployed static websites to cloud hosting platforms and configured DNS settings

EDUCATION

Bachelor of Science in Computer Science

University of Manchester

Manchester, United Kingdom

Graduated: June 2021
