PROFESSIONAL SUMMARY

Highly skilled Frontend Engineer with 12 years of progressive experience building scalable web applications and leading cross-functional teams. I have a strong background in modern JavaScript frameworks, responsive design, and performance optimization. Known for delivering high-quality solutions under pressure and mentoring junior developers to achieve their potential. Passionate about clean code and creating intuitive user experiences.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, Python, SQL

Frontend Frameworks: React, Vue.js, Angular, Next.js

State Management: Redux, Vuex, Context API, MobX

Testing: Jest, Cypress, React Testing Library, Mocha

Build Tools: Webpack, Vite, Gulp, Babel

Version Control: Git, GitHub, GitLab, Bitbucket

CSS Preprocessors: SASS, LESS, Tailwind CSS

Performance Optimization: Web Vitals, Lazy Loading, Code Splitting

APIs: RESTful APIs, GraphQL, WebSocket

Development Tools: VS Code, Chrome DevTools, Postman

Databases: MongoDB, PostgreSQL, MySQL

Cloud Platforms: AWS, Azure, Google Cloud Platform

WORK EXPERIENCE

Staff Frontend Engineer

Synapse Data Ltd

synapsedataltd.io

Liverpool, United Kingdom

July 2023 - Present

Architected and delivered 15+ enterprise-grade frontend applications serving 500,000+ monthly active users

Led and mentored a team of 8 frontend engineers, establishing best practices for code quality, performance, and accessibility standards across the organization

Reduced application load time by 45% through implementing advanced code splitting, lazy loading, and bundle optimization techniques

Designed and implemented a reusable component library using React and Storybook, increasing development velocity by 30% across all product teams

Frontend Engineer

Unilever UK

www.unilever.com

London, United Kingdom

March 2021 - June 2023

Developed and maintained customer-facing web applications using React and Next.js, handling over 2 million transactions annually

Implemented comprehensive end-to-end testing strategies using Cypress, reducing production bugs by 60%

Collaborated with UX/UI designers and backend teams to deliver seamless integration of new features and APIs

Optimized website performance achieving 95+ Lighthouse scores and improved Core Web Vitals metrics by 50%

Junior Frontend Developer

Sky UK Limited

www.sky.com

Liverpool, United Kingdom

August 2012 - February 2021

Created responsive web interfaces using HTML5, CSS3, and vanilla JavaScript for customer portal applications

Maintained and debugged legacy jQuery-based codebase while progressively migrating to modern React architecture

Participated in daily stand-ups and sprint planning, contributing to agile development methodology

Assisted senior developers in code reviews and quality assurance processes for frontend deliverables

EDUCATION

Bachelor of Science in Computer Science

University of Manchester

Manchester, United Kingdom

Graduated: June 2012

CERTIFICATIONS AND PROFESSIONAL DEVELOPMENT

Advanced JavaScript and TypeScript Specialization

Coursera

2022

React Advanced Patterns and Performance

Frontend Masters

2021

AWS Certified Cloud Practitioner

Amazon Web Services

2020
