PROFESSIONAL SUMMARY

I'm a mid-level frontend engineer with 3 years of experience building responsive web applications and delivering polished user experiences. I have a strong foundation in React and modern JavaScript, with hands-on experience working in agile environments and collaborating with cross-functional teams. I'm passionate about writing clean, maintainable code and continuously improving my craft through learning new technologies and best practices.

WORK EXPERIENCE

Frontend Engineer

TechVision Labs (Previously known as Netcore Solutions)

Lisbon, Portugal

January 2023 - Present

www.techvisionlabs.pt

Developed and maintained 5+ React-based web applications serving 50,000+ monthly active users with focus on performance optimization and accessibility standards

Implemented responsive UI components using React Hooks and Context API, reducing component re-renders by 35% through memoization techniques

Collaborated with UX/UI designers to translate Figma mockups into pixel-perfect responsive components across all device sizes

Led code reviews for junior developers and established frontend coding standards that improved code consistency across the team

Junior Frontend Engineer

Apex Digital Solutions

Lisbon, Portugal

June 2021 - December 2022

www.apexdigitalsolutions.com

Built and deployed 8 customer-facing web pages using React and Redux, contributing to 25% increase in user engagement metrics

Participated in daily stand-ups and sprint planning sessions, actively contributing to technical design discussions and feature estimations

Fixed 120+ bugs identified in QA and production environments, implementing automated testing with Jest and React Testing Library

Assisted in migrating legacy jQuery components to modern React architecture, improving code maintainability and reducing technical debt

Web Developer Intern

PixelWorks Studios

Lisbon, Portugal

February 2021 - May 2021

pixelworks.io

Created responsive landing pages and marketing websites using HTML5, CSS3, and vanilla JavaScript for 15+ client projects

Implemented cross-browser compatibility testing procedures and fixed CSS issues affecting user experience on Safari and Internet Explorer

Assisted senior developers in integrating REST APIs with frontend applications using Axios and Fetch API

Participated in team meetings and learned version control workflows using Git and GitHub in a collaborative environment

EDUCATION

Bachelor of Science in Computer Science

ISCTE - Instituto Universitário de Lisboa

Lisbon, Portugal

Graduated: June 2021

GPA: 3.6/4.0

TECHNICAL SKILLS

Frontend Frameworks and Libraries: React, React Router, Redux, Context API

Programming Languages: JavaScript, HTML5, CSS3, TypeScript

State Management: Redux, Zustand

Styling: CSS Modules, Tailwind CSS, SASS, Bootstrap

Testing: Jest, React Testing Library, Cypress

Development Tools: Webpack, Vite, npm, yarn

Version Control: Git, GitHub

API Integration: REST APIs, Axios, Fetch API

Responsive Design: Mobile-first approach, Flexbox, CSS Grid

Browser DevTools and Debugging: Chrome DevTools, Firefox Developer Edition

Agile Methodologies: Scrum, Kanban

ADDITIONAL INFORMATION

Languages: Portuguese (Native), English (Fluent), Spanish (Intermediate)

Certifications: React Fundamentals - Meta (2022)

Current Location: Manchester, UK
