PROFESSIONAL SUMMARY

I'm a detail-oriented Data Analyst with one year of experience turning raw data into actionable insights for business teams. I have a solid foundation in SQL and Python, with practical experience in data cleaning, visualization, and reporting. I'm keen to develop deeper expertise in statistical analysis and cloud-based analytics platforms. I enjoy working with stakeholders to understand their data needs and delivering clear, meaningful reports.

TECHNICAL SKILLS

Languages: Python, SQL, VBA

Databases: MySQL, PostgreSQL

Tools and Platforms: Excel, Tableau, Power BI, Google Analytics, Google Sheets

Data Processing: Pandas, NumPy

Version Control: Git, GitHub

Operating Systems: Windows, macOS, Linux

WORK EXPERIENCE

Data Analyst

DataFlow Solutions Ltd

www.dataflowsolutions.co

Liverpool, United Kingdom

June 2023 - Present

Extracted and analyzed datasets from multiple MySQL databases to support marketing and sales departments with weekly performance reports

Built interactive Tableau dashboards tracking key business metrics, reducing manual reporting time by approximately 40 percent

Performed data quality checks and cleaning on customer transaction data using Python and Pandas, identifying and documenting data inconsistencies

Collaborated with product managers to define data requirements and delivered ad-hoc analyses on user behavior and product adoption

Junior Business Intelligence Analyst

Insight Analytics Group

www.insightanalyticsgroup.io

Liverpool, United Kingdom

February 2023 - May 2023

Assisted senior analysts in creating Power BI reports for internal stakeholders across finance and operations teams

Wrote SQL queries to retrieve customer segmentation data and supported A/B testing analysis for marketing campaigns

Cleaned and preprocessed raw datasets using Excel and Python, improving data accuracy for downstream analysis

Documented data processes and created user guides for non-technical team members accessing self-service dashboards

Data Support Analyst

Meridian Financial Services

www.meridianfinancial.net

Liverpool, United Kingdom

September 2022 - January 2023

Maintained and updated Excel spreadsheets containing transaction and portfolio data for compliance reporting purposes

Provided ad-hoc data extracts to internal teams using basic SQL queries and Excel formulas

Performed reconciliation checks between source systems and reporting databases to ensure data consistency

Supported the analytics team with data entry, formatting, and preliminary validation tasks

EDUCATION

Bachelor of Science in Mathematics with Statistics

University of Liverpool

Liverpool, United Kingdom

2019 - 2022

NOTABLE PROJECTS

Python Data Analysis Portfolio

github.com/jpatterson92/python-data-analysis

Collection of Python scripts analyzing public datasets with Pandas and Matplotlib, demonstrating data cleaning and visualization techniques

SQL Practice Repository

github.com/jpatterson92/sql-analytics-queries

Repository containing 20+ SQL queries ranging from basic to intermediate complexity, written against sample e-commerce databases

Tableau Visualization Dashboard

github.com/jpatterson92/tableau-projects

Documentation and design files for interactive Tableau dashboards created during professional projects

CERTIFICATIONS

Google Analytics Individual Qualification

Issued: March 2023

ADDITIONAL INFORMATION

Interests: Data visualization, open data projects, Python automation

Languages: English (Native)
